

Hackley Tech Angels — Club Fair Poster Assembly

22 in × 28 in posterboard used landscape (28 wide × 22 tall). All measurements in inches unless noted.

Steps

1. Print club-fair-poster.pdf on letter paper, color, at 100% / "Actual size" (turn off "fit to page").
2. Cut each sheet on the corner trim marks. Wing sheets become 6.6 × 10.2 in; center sheets 10.4 × 7.9 in.
3. Fold each wing 18 cm (7.09 in) in from the short edges so the board stands on a table.
4. Wings: 0.5 in from the top, 0.6 in gap, 0.5 in at the bottom; center each sheet across the wing (about 0.25 in each side).
5. Center panel: stack the two landscape sheets with a 0.8 in gap; leave about 2.7 in above and below; 1.71 in each side.
6. Glue-stick or double-stick tape near the corners. Keep every sheet inside one panel so nothing crosses a fold.

Sheets (left, top from panel corner, in)

#	Content	Panel	Left, top
1	Title	Center	1.71, 2.7
2	Scan to join	Center	1.71, 11.4
3	Who we are	Left wing	0.24, 0.5
4	Build a start-up	Left wing	0.24, 11.3
5	Hackley Clubz	Right wing	0.24, 0.5
6	You belong here	Right wing	0.24, 11.3
